

# Learn the Renegade Millionaire Secret to Changing Your Life, Increasing Your Business and Making Money Hand Over Fist

**Change the way you live your life, conduct business and who you work with. Dan Kennedy reveals the central secret of how to become a Renegade Millionaire NOW!**

As the legendary “Millionaire Maker” I have spent years teaching people my proven methods on how to run their businesses on their terms. My No B.S. newsletter has gone out to thousands every month, giving advice and information about the ways to increase customer traffic, get customers to return and how to cultivate your own ‘herd’ to keep your business going.

But we all know the real secret to my success. It’s how I conduct my own business, how I’ve trained hundreds of other Renegade Millionaires to conduct theirs and how you’ll learn to conduct yours too.

It’s the reason I never take any unscheduled phone calls, don’t own a cell phone, don’t have email, communicate by FAX, have one employee who handles all of this crap for me, and am able to live the life I want to while still turning down work on a regular basis because my schedule is full.

It’s the reason after years of touring the country giving the same speech night after night I decided to walk away from \$500,000.00 a year, then turned around and made that deficit up with even better work. I never work for free, and people fly in from all over to see me. Not me to them, them to me.

It’s the reason I get to take the morning off and go train my horses or decide that I want to spend the day with my wife instead of working on something I don’t enjoy for someone I don’t want to work with, or even decide that I hate the project and the person and just get rid of them both.

And it’s the reason you’ll be able to do the same things. No matter how much money you have now, how many clients you currently work with, what you do or how long you’ve been in business.

Because this isn’t about money, clients or business. It’s about how you establish yourself in the world and how you choose to operate. *Note that I said choose to operate*. Not have to, not wish to, choose to.

**The Core Secret to Being a Renegade Millionaire**

How many times have you seen me speak, listened on a coaching call or talked to one of the other Renegade Millionaires and thought to yourself, “Geez, if only I could be like him!” Well you can. In fact, anybody can. It’s all just a matter of knowing how to do it.

In my latest presentation, *The Absolute Autonomy Blueprint* I’ll tell you how you can do it and why it works. I’ll walk you through it step by step with examples of how I did it, how other people have done it and tell you the secrets to making it work for you.

I know what you’re thinking, and I’ve heard it a thousand times. “But Dan, my business is different.” It’s not. *The Absolute Autonomy Blueprint* can be applied to any industry, any business, any person, any life. Why? Because it has nothing to do with the business itself. It’s all about how you set yourself up in the eyes of everyone around you.

Absolute autonomy is just that, absolute. Don’t answer to anyone, live life on your own terms. Don’t be tied to the cell phone, feeling like if you’re not constantly available then all of your business will go away. Instead respond during your established business hours, and only during your established business hours. If clients want to work with you, they’ll learn. If not, you don’t want to work with them anyway.

You’ll find that not only will your stress level go dramatically down, your business will increase and profits will go way up. Why does this work? Because people believe that if you act successful, you are successful.

I’ll lay out 17 points on how to become autonomous and why. You’ll learn how to take control of your life again and how to run your business instead of letting your business run you. Customers will be flocking to your doorstep, clamoring to get onto your busy calendar.

“That’s all well and good for you to say,” I hear you grumble. “You’ve got millions, you can afford to live like that.” I hate to break it to you, but so can you. I didn’t always live like this and I paid for it. My life was just as stressful, just as nuts and I worked just as hard, if not harder, than you do.

Remember. This isn’t just a bunch of crap that I’ve pulled out of books and shoved together. This is what I do every single day. I live my life this way, and have been for years. I started living my life this way when I was just as desperate for money as the next guy. But because I made these changes, I get to live the way I want to. I do it now, I did it then too.

Everybody asks for proof. Well, here it is. I am living proof that you can live with absolute autonomy and be successful instead of being laughed into next Tuesday. If I’m not proof enough, how about these guys?

My friend Tracy Tolleson, a mortgage broker who gets 70% of his business from real estate agents. Instead of having the phone permanently glued to his ear to accommodate the agents who think they should be able to get a hold of him whenever they’re about to close a sale (usually evenings and weekends) he turns his cell phone off after 6:00 pm. He earns over \$500,000.00 a year.

Or how about Darrin Garman, a guy who brokers apartment buildings and investment real estate. Not only does he refuse to take every single call that comes in at any time of the day or night like his competitors do, he refuses to work with an investor/buyer until they have signed an exclusive agreement with him and paid him an access fee. He controls nearly 70% of all the transactions in his area, and he has new buyers coming to him – in Iowa - from all over the U.S. and Canada.

I've taught these guys and lots of others how to live with absolute autonomy; I can do the same for you.

## **Put My Biggest Secret to Work For You**

This is the reason we all want to work for ourselves. Living with absolute autonomy is everybody's dream. We all think if we can just work a little harder, make a little more, we'll get there.

I'm here to tell you that it's the other way around. If you start living with absolute autonomy, you'll make more, you'll get more and you won't have to work as hard. Everyone puts the cart before the horse. I'm going to show you how to harness the horse to the cart and race away, just like I do every weekend at the track.

So speaking of money, you're probably wondering how much all of this is going to cost you. And you'd be right to do that. We all know that I don't come cheap. A two-day consultation with me is well over \$25,000.00.

So first I should tell you what you'll get. ***The Absolute Autonomy Blueprint*** is a series of CDs recorded at \_\_\_\_\_ in \_\_\_\_\_. You'll get the CDs, so you can listen to them over and over. Immerse yourself in them. Listen to them while you're mowing the lawn, out jogging, whatever it takes. You'll also get a full transcript of the presentation, so you can reference anything I said whenever you want to without having to fast forward through the CDs.

But really, you're not buying this for the CDs. You're buying this for what's on the CDs. All the information you'll need to start living life on your own terms, successfully and profitably. You'll even learn all about predetermination. (In fact, you are predetermined to buy this presentation.) I'll show you how to make that work for you in your own business and get clients begging for your time.

So, what is living your life on your own terms worth to you?

Think about all the time you've already wasted living according to other people's rules. Even if you only regain half of that time by changing your life from ultimate submission to absolute autonomy, that's more than worth it, don't you think? So how much would that cost? \$3,000.00? \$1000.00? Considering what you'll be getting and how much you'll make, that'd be a steal.

It cost me a considerable amount just to make *The Absolute Autonomy Blueprint*. I had to pay sound people, transcript writers, hire the room, and put on the conference. So really, the product itself is worth about \$XXX a pop.

But I want you to be successful. I want to see you raking it in. I think you ought to be able to fire your clients whenever you want, just like I do.

So I'm going to slash that price by more than half. I'm going to give this to you for **\$XXX**.

All the secrets you'll ever need to live your life the way you want to. Enjoying your work, with a steady, even overwhelming flow of customers that you get to pick and choose from, making more money than you've ever made before. All this for just **\$XXX**.

### **Your Success, Guaranteed**

Okay, so I can't guarantee your personal success. I can't guarantee that you'll make millions, lose the lousy clients and put in fewer hours. Mostly because I can't guarantee that you'll even open the package once it arrives and listen to the CDs or read the transcript.

But what I can guarantee is that this is the ultimate secret to becoming a Renegade Millionaire. And I can guarantee that if you pay attention to what is said in the presentation and implement it in your own life, you will see drastic changes happen pretty quickly just like I did.

In fact, I'm so confident about this that if you don't agree with me that this is the thing for you, or if you don't find this system working for you, **I'll return your money in full for up to 6 months after we receive your order.**

That's right. I am so confident that you can live just like I do, on your own terms, that I'll give you **6 months** to make it work, or your money back.

### **But Act Fast, Supplies are Limited**

I'm in direct sales. So I know that scarcity is one of the things that makes people want to buy. So do you, if you've been to my seminars. But there really are only 500 copies of *The Absolute Autonomy Blueprint* available at this price. Once those first 500 are gone, the price goes up to the full value of \$XXX

So click on the link below to order your copy right now. Don't wait. Take your own life back. Get your business booming. Live with absolute autonomy, just like I do.

Looking forward to seeing you living your life, your way.

## **The Real Reason Dan Kennedy Communicates by FAX**

Dear {\$name}

As a member of the GKIC Insider's Circle, you know all about Dan and his weird ways. How he never answers his own incoming phone calls, never works for free, makes people pay him to take him out to lunch, and only communicates by Fax. And he does this while still turning down work and making over a million dollars a year.

You've probably thought to yourself, "I wonder how he does that? Doesn't matter. I couldn't do that, I'm not rich enough/skilled enough/famous enough." You know what, you're **wrong!**

**You can live a life of absolute autonomy too!** What's more, doing it will increase your income; bring customers to you instead of you having to hunt them down, and help you work better, smarter and *a lot less!* Why? **Because money, skill and fame don't matter.** It's all in how you present yourself and how you choose to live.

Dan will show you how he's done it, how he's trained other Renegade Millionaires to do it, and how you can do it **no matter what business you're in.**

We all think, "but my business is different. I'm up against XYZ and ABC." It's not different. Everything that Dan has done for himself and taught others to do is applicable to your life. By making these very simple changes, changes that are not only for the better, but will help make your life less stressful, you can increase your business, bring in more money and take control of your life back from your overly demanding clients.

Dan has just put out a new presentation that teaches you all about how to live his legendary lifestyle. It's called ***The Absolute Autonomy Blueprint*** and it's the lynch pin to the Renegade Millionaire system.

Once you have this secret incorporated into your life, you'll be able to live just like Dan does. You can even get rid of your cell phone if you want to. You can certainly ditch that annoying client who insists on taking up all of your time and gives you little or nothing for it, because you'll have 6 other clients waiting to take his place.

Dan has been in the trenches with any number of successful business people. He's taught them these secrets and he's helped them take their businesses and companies to the next level and beyond. We have all heard about them, talked to them at Info Summits and Super Conferences, wished we could be just like them.

## **Kick the “Bad Clients” Out of the Way so You Can Get to the Good Ones! (And Reduce Your Stress Level)**

Dear {\$name}

We’ve all had them, the pain in the butt client who you invest hours and hours of your time in and get no return on, who just can’t be pleased no matter how hard you try. In fact, some of us may feel that is the only kind of client we ever get, and we should be thankful to get them in this economy.

What if you didn’t have to deal with those people anymore? In fact, what if by deciding to get rid of those people, you suddenly found yourself faced with a whole new clientele, clamoring for your precious time, paying you better and not bothering you at all hours of the day and night? Would you do it?

“Millionaire Maker” Dan Kennedy does. In fact, he’s so successful at it that he doesn’t take his own incoming phone calls, makes people pay him to take him to a business lunch, works when he wants, where he wants, for who he wants and has to turn down work on a regular basis.

And he wants to teach all of this to you. It’s true. Dan Kennedy wants you to be as successful as he is. (Considering he’s a multi-millionaire, you shouldn’t snub your nose at that.) Dan wants to show you how to apply everything he’s ever learned about living with absolute autonomy to your life and your business. No ifs, ands or B.S.

You’ve heard Dan talk about his life at Super Conferences and Info Summits. You’ve heard his anecdotes on coaching calls. Now he’s going to reveal the ultimate secret of how to be a Renegade Millionaire. He’s going to give you ***The Absolute Autonomy Blueprint*** so you can implement it in your life and take control over your business so it doesn’t control you anymore.

He’ll show you how to

- Train your clients to respect your time
- Become ‘predetermined’ so that people want to work with you so much they’ll pay any price
- Open your mind so that you’re not living by everyone else’s rules but can see all of the possibilities, good and bad, and make the choices that are best for you
- Increase your business and profit margin while decreasing your stress level and working hours

Dan has made himself successful. He and the hundreds of others he has taught are living proof that anyone can do this in any business or with any life.
